Dear Mr. Gunderson:

Enclosed please find the final Decommissioning Operations Plan (DOP) for Building 776/777, including responses to written public comments received by the Rocky Flats Field Office. Written comments were received from the Colorado Department of Public Health and Environment, the Environmental Protection Agency, and the City of Broomfield. The enclosed responses address each comment individually.

Some changes were made to the DOP as a result of these comments. Where changes were not made to the DOP, additional clarification is provided in the comment resolution to address the concerns raised. The comment resolution is an appendix to the DOP.

I ask that you and your staff consider our responses, and provide your final approval for the DOP. Per Paragraph 89 of the Rocky Flats Cleanup Agreement (RFCA), a timeframe of seven days was set for final review and approval of the DOP. Therefore, I ask that your agency provide its final approval within seven days of receipt of this letter.

Thank you for your consideration in this matter. If you have any questions or need more information, please call me at (303) 966-5918 or Sandi MacLeod at (303) 966-3367.

Sincerely,

Joseph A. Legare, Assistant Manager
